MEET THE

HUMPHREYS

“I’m always on the go, but I’ve found myself sitting on this sofa more than any other we’ve had before.”

C O L L I N

Family on-the-go

Collin and Sara Humphrey met running high school track in a small Northern California town. He’s not afraid to admit she was faster.

Family and a change of pace moved them across the country to three acres outside Greensboro, North Carolina—where Collin now runs his own contracting business.

The couple’s three children, Zyra (10), Zoe (8) and Zane (4), help look after

the family’s many furry occupants, which include bunnies, dogs and even a miniature horse. “Sometimes the kids will leave the door open and I’ll find a chicken inside the house,” Sara laughs.

Sara helps coach Zyra’s softball team in addition to being a stay-at-home mom. Ballet, gymnastics, tee-ball and softball rotates into the kids’ schedules seasonally in addition to school. With such an active lifestyle, family time is precious.

“I can tell this sofa will last a long time.”

S A R A

Furniture for everyone

Sara looks for things most people do when choosing furniture: comfort, durability and cleanability. That's especially important considering their lifestyle.

"The kids bring the bunnies inside, they've jumped on the sofa with dirty feet, eaten on it and spilled their drinks on it. It all wipes right up," Sara says. "It's been super easy."

After a long day on the jobsite, Collin comes home and relaxes on the sofa. It's not uncommon for him to nod off on the chaise after supper only to wake up at 2 am.

Their new sectional checks all the boxes for the whole family. Sara loves how the sectional locks together and keeps everything in place, even with the kids playing on it. In case anyone is wondering, the cushions make great fort walls, too.

"My kids are animals," Collin laughs, "Sara's definitely the sofa police. But it's strong and sturdy—I give it a 10 out of 10 rating."

The Humphreys aren't the only ones who have fallen in love with their new sectional. Sara was quick to add, "Every time we have people over they walk in and say, 'Oh my gosh! Where'd you get this?'"

Sara sums up their La-Z-Boy experience by saying, "It makes the room feel cozy—ties everything together." It's amazing how the right furniture can bring everything and everyone together.

And since antimicrobial fabric is available in a large variety of soft textures and beautiful colors, you'll have plenty of options to create a fresh look you love — with the protection to keep it that way.
